MEDICAL REQUIREMENTS FOR CHILD CARE AND NEW SCHOOL ENTRANTS

(PUBLIC, PRIVATE, PAROCHIAL SCHOOLS AND CHILD CARE CENTERS)

ALL STUDENTS ENTERING A NEW YORK CITY (NYC) SCHOOL OR CHILD CARE FOR THE FIRST TIME MUST HAVE A COMPLETE PHYSICAL EXAMINATION AND ALL REQUIRED IMMUNIZATIONS

In response to the coronavirus disease 2019 (COVID-19) pandemic, the Office of School Health (OSH) will accept completed CH205 forms based on physical examinations and screenings performed within the previous 18 months. OSH will not accept a CH205 that does not include the results of an in-person physical examination. This will remain in effect until December 31, 2020 and may be re-evaluated as the pandemic evolves.

The comprehensive medical examination must be documented on a Child Adolescent Health Examination Form (CH205) and include the following:

- | | | |
|----------------|-------------------|--------------------------|
| Weight | Body Mass Index | Medical History |
| Height | Vision Screening | Developmental Assessment |
| Blood Pressure | Hearing Screening | Nutritional Evaluation |
| | Dental Screening | |

All students entering NYC public or private schools or child care (including Universal 3-K and Pre-Kindergarten classes) for the first time must submit a report of a physical examination performed within one year of school entry. Because children develop and grow so quickly at these early ages, if this initial examination is performed before the student is age 5 years, a second examination, performed between the child's fifth and sixth birthday, is also required. Fillable CH-205 forms that include the student's pre-populated vaccination histories are available in the NYC Citywide Immunization Registry (CIR). A savable version of the pre-populated CH205 is also available in the CIR and is accessible for use to update as needed. For school year 2020-2021, the previous version of the CH205 form produced from the Online Registry will continue to be accepted by all NYC Public Schools, Center/School/Home-Based Care and After-School until it is replaced by the new version.

IMMUNIZATION REQUIREMENTS 2020–21

The following immunization requirements are mandated by law for all students between the ages of 2 months and 18 years. Children must be excluded from school if they do not meet these requirements. To be considered fully immunized, a child must have an immunization history that includes all of the following vaccines. The child's immunization record should be evaluated according to the grade they are attending this school year.

PROVISIONAL REQUIREMENTS

New students may enter school or child care provisionally with documentation of at least this initial series of immunizations. Once admitted provisionally, subsequent vaccines must be administered in accordance with the Advisory Committee on Immunization Practices (ACIP) "catch up" schedule for the child to be considered "in process" and remain in school (refer to <https://www.cdc.gov/vaccines/schedules/hcp/imz/catchup.html>). If a child does not receive subsequent doses of vaccine at appropriate intervals and according to the ACIP catch-up schedule, the child is no longer in process and must be excluded from school within 14 days after the minimum interval identified by the ACIP catch-up schedule. Alternative schedules are not acceptable. Students must complete the entire series to comply with the law. Students who have not been immunized within the provisional period must be issued exclusion letters and excluded from school or child care until they comply with the requirements.
